Overview

The Michigan State Historical Records Advisory Board (MSHRAB) seeks to *improve awareness of and access to Michigan's historic records*. It accomplishes this goal by advocating for issues that enhance the collection, preservation and public use of historical records, encouraging organizations to seek funding for appropriate projects, and providing guidance to those organizations. To further its mission MSHRAB has created a grant program to help Michigan historical records repositories obtain funds for smaller projects that may not qualify for funding under larger grant making agencies. Using funds awarded by the National Historical Publications and Records Commission (NHPRC), MSHRAB is offering grants to Michigan historical records repositories to develop and/or implement projects to identify, preserve, and provide access to historical records in Michigan.

Grant Amounts and Requirements

- Minimum grant request: \$500
- Maximum grant request: \$2,000
- All grants require a *minimum* one-to-one in-kind and/or cash match

Required Matching Funds

Recipients of grant awards must provide a *minimum* one-to-one (\$1 for \$1) match of grant funds requested. The match may be met through cash and or in-kind contributions. Greater than one-to-one matches are encouraged, but not required.

- Cash match is defined as money the organization spends specifically for the project that will not be reimbursed by grant funds. *Cash match may include staff time.*
- In-kind match is the value of time or services contributed. Indirect expenses (such as rent, telephones, or other normal operating expenses) may not be included as match.

Eligibility and Funding Priorities

- Eligible institutions may be public or private. Although any size institution may apply, preference will be given to institutions with permanently valuable archival materials of 500 cu. ft. or less.
- The archival collection must be available to the public on a regularly scheduled basis.
- Interested institutions and organizations should participate in the pre-grant webinar and onsite assessment visit before applying for a grant.

Eligible Projects

- Access, Arrangement and Description: identifying, organizing and improving access to historical records, including implementation of collection management software and procedures. (*Preference is given to access and arrangement projects.*)
- Preservation: purchasing archival file folders, archival boxes, dehumidifiers, humidifiers, hygrothermographs, or HEPA vacuum cleaners. (*Preservation work should be on already accessible collections.*)
- Website Development: Adding collections to an online catalog, developing virtual archives, or creating an on-line database for already cataloged collections.

Eligible Expenses

- Supplies: Collections care supplies such as acid-free boxes, folders and photo sleeves, etc.
- Contracted services: Micrographics, digitization, photo reproduction or similar professional services.
- Equipment: Costs to purchase technical equipment (microfilming or scanning equipment, computers, electronic peripherals) or shelving essential for the project are eligible costs.

Ineligible Expenses

- Existing staff salaries and operating costs, including indirect costs, such as rent, telephone, or other normal operating expenses.
- Personnel: Costs for existing, full-time staff positions or overtime hours. *Budget proposals may show staff time under cash match. Documented volunteer hours may be used toward cash match at \$21.40/hour (http://independentsector.org/volunteer_time).*
- Capital Improvements: Costs for the construction or renovation of any building, the purchase of land, or the rental of space. *Budget proposals may show building renovation costs under cash match.*
- Collection development: Costs for purchasing materials to be added to collections, such as books, maps, manuscripts or photographs, etc.
- Museum materials: Costs for preservation or display of artifacts. Use the following distinction to determine whether your proposal concerns records or artifacts. The purpose of a record—to convey information—never changes whether the record is one minute or hundreds of years old. The purpose of an artifact is to convey some aspect about a previous era in and of itself; its original purpose was generally something quite different. Grant funds may not be used to handle records being treated as artifacts (e.g. for display).

- Training: Expenses for training or for staff travel to professional meetings, seminars or workshops that are not essential to achieve project goals.
- Services: Costs for maintenance agreements for equipment purchased as part of the grant project. *Such expenses may be shown as cash match for the duration of the project.*

Restrictions

All purchases made with grant funds and all matching funds must be made *during the grant period*. Grant funds may not be used to pay for existing supplies or previous work nor can these be counted as match. All grant-funded expenses must be directly associated with the project and incurred during the grant period.

Review and Selection Process

Completed applications will be reviewed by an MSHRAB committee and award decisions submitted to the board for approval. MSHRAB will review and evaluate all applications and supporting documentation. Grants will be selected on a competitive basis by MSHRAB. Grant proposals may be fully funded, partially funded, or rejected by the board. In determining whether an applicant shall receive a grant, MSHRAB will consider are the following:

- Does the project identify, preserve and/or make accessible records significant to Michigan's history?
- Does the project utilize sound archival practices?
- Are the proposed activities and expenditures appropriate and cost effective?
- Does the proposal adhere to grant project application requirements and does it contain sufficient information for MSHRAB decision-making?
- Is the financial information submitted realistic and accurate?
- In general, is the application meeting the mission, goals, and objectives of the Michigan State Historical Records Advisory Board? (See page 2.)

Grant Period (timeline, deadlines)

October 2018	Save Michigan History Program announced for 2018-2019 Registration open to interested Michigan organizations
Fall 2018 – Spring 2019	Basics of Archives workshops offered across state
Spring 2019	Onsite Assessment Visits conducted across state
May 1, 2019	Grant opportunity announced and pre-grant webinar offered
June 14, 2019	Grant application due

July 8, 2019	Grant awards announced
August 1, 2019	Projects begin
October 31, 2019	Interim reports due to MSHRAB
April 30, 2020	Projects end
May 31, 2020	Final reports due to MSHRAB

Start and end dates for projects may vary within the parameters listed for a grant cycle. A project may be completed before the formal ending date. A project *must* complete work - and submit a final report - by the formal end date, unless the project has received an extension in advance.

Reports

Please send the report to:

MSHRAB Grant Program
c/o the Archives of Michigan
702 W Kalamazoo Street
Lansing, MI 48915

Or the report can be submitted by email to: harvey.m@Michigan.gov

The interim report should include a summary of the project (similar to the Summary Page of the application) and the progress that has been made so far. The following information is helpful to include:

- Estimated percentage of project completed and number of images scanned or collections or cubic feet processed, etc.
- Summary of expenses (have all of the supplies been ordered and arrived, has the software been ordered, etc.).
- Amount of staff and volunteer time spent on the project (include both grant funded time and matching time)
- Is the project on track to be completed by August 1st? If not, what were the delays and what is the estimated end date?
- Has there been any publicity on the project so far? If so please include examples. Also, has there been any increased interest in the collections from researchers?

Within thirty days after the end of the grant period, a more detailed final report is required. The final report should be sent to:

MSHRAB Grant Program
c/o the Archives of Michigan
702 W Kalamazoo Street
Lansing, MI 48915

Or the report can be submitted by email to: harvey.m@Michigan.gov

All final reports to MSHRAB must contain the following information:

Institution/Organization Name

Project Title

Project Director name, telephone number, and e-mail address

Summary of Project Activities and Accomplishments

- Titles, series titles, dates and cubic footage/images scanned, of records addressed by your project.
- Copies of catalog entries and other finding aids (these might include screen shots, links, and before and after photos), if applicable.
- Narrative self-assessment about how the project met the objectives submitted in your application.
- Quotes from local press coverage (if any) and also copies of any articles cited.
- Itemized list of expenditures. Include copies of invoices, checks and/or receipts.

Project Cost Match

Provide details about in-kind cost match, including the cumulative total, and the amount of cash match on the project. Cost matches greater than one-to-one are encouraged, but not required.

Crediting

Any published materials, radio or television announcement created by the awardee in recognition of this award must include the following credit: “Supported in part by an award from the Michigan State Historical Records Advisory Board, through funding from the National Historical Publications and Records Commission (NHPRC), National Archives and Records Administration.”

GRANT APPLICATION INSTRUCTIONS

1. Complete Grant Summary Page (*see page 11*)

The purpose of this page is to provide a summary of the grant proposal for MSHRAB review.

- **Organization.** List the name of your organization and mailing address
- **Federal Employee Identification Number.** If your agency or entity has a Federal Employee Identification Number (FEIN), or a tax-free number, list it here.
- **Data Universal Numbering System Number.** This DUNS number is required. More information, including how to apply for a DUNS number, is available at <http://fedgov.dnb.com/webform>.
- **Funding Required for Project.** List the budget information for the project, using the “TOTAL GRANT COST” figures compiled at the end of the budget form. MSHRAB requires all grant recipients to provide a minimum one-to-one (\$1 for \$1) match of the grant funds requested. Local match may be either cash or in-kind contributions (Such as the value of staff time, volunteer time, supplies, and services supplied by recipient).
- **Project Director.** This should be the person primarily responsible for directing grant activities; ensuring that the project is successfully completed; complying with grant guidelines; supervising project workers, and coordinating with vendors, consultants, and MSHRAB. The director is also responsible for submitting the project’s reports. Please provide all contact information for the director that is requested, as this person will be MSHRAB’s primary contact for the project.
- **Authorizing Official.** This is the person authorized to sign a contract on behalf of your repository, for example the Director, Board President, Treasurer, etc (In some cases this may be the same person as the Project Director). *This person must sign the application.* If you have the capability, you may sign the summary page electronically. You also have the option of printing the summary page and adding your handwritten signature.
- **Title of Project.** The title should be a brief description of what the project proposes to accomplish (e.g., “Reorganization of Courthouse Records Storage Areas,” “Preservation of Municipal Records,” “Description of Land Records in Anywhere Historical Society,” or “Placing a Surname Index to Early Marriage Records on the Historical Society/Archives Website).
- **Starting Date/Ending Date.** List the dates the project will begin and end its work.
- **Summary Statement.** This should be only a brief summary, limited to two or three sentences. The grant application narrative permits applicants to use up to five (5) double-spaced pages for describing the project in detail.

2. Complete Budget Form

Complete the regrant budget worksheet (either electronically or manually on a printed copy), providing details of how you arrived at the amounts requested. Cost figures should be given in whole dollar amounts (i.e. \$550).

- **Salaries and Wages.** List the names and titles of all persons (staff, volunteers and consultants) who will work on the grant project. Include the salary or wages each will receive during the grant period. Examples of methods for calculating cost:
 - A salaried employee devotes 10% of her time to a four-month project. Calculate grant-related cost by multiplying 4 months x 1 month's salary x 10%. The resulting figure is listed under "cash match" as part of the agency's cost share.
 - A person is hired full time to work on the project, and paid with grant funds. Calculate this cost as 4 months x 1 month's salary x 100%. The total is listed in the "grant funds" column.
- **Supplies.** Supplies such as acid-free boxes and folders, photo sleeves, etc. Estimated costs should be itemized and listed under "grant funds" or "cash match" as appropriate. For all grant-funded equipment and supplies, product specifications and vendor price quotations must accompany the application.
- **Equipment.** Includes technical equipment like microfilming equipment, computers, electronic peripherals, etc., or shelving essential for the project. Estimated costs should be itemized and listed under "grant funds" or "cash match" as appropriate. For all grant-funded equipment, and supplies, product specifications and vendor price quotations must accompany the application.
- **Contracted Services.** Encompasses outsourced services such as micrographics, photo reproduction or similar professional services. Estimated costs should be itemized and listed under "grant funds" or "cash match" as appropriate.
- **Other Eligible Expenses.** Could include expenses like web site development. Estimated costs should be itemized and listed under "grant funds" or "cash match" as appropriate.
- **Total Project Costs.** Here, enter the subtotals for the various project categories listed, using the "grant funds" or "cash match" columns as appropriate, add up the subtotals to obtain the "Total Grant Cost." The final figures should be identical to the "Total Cost" figure on page 1 of the application form. Double-check that all expenditures proposed in the narrative are accounted for in the budget, and that all expenses listed in the budget are described and justified in the narrative.
- **Acceptance of Partial Funding statement.** A question at the bottom of the budget form asks if you will accept partial funding and still complete some portion of the project as outlined in the application or seek supplemental funding elsewhere. State Yes or No.

3. Complete Grant Application Narrative

The following sections must be completed on individual pages. Section I must be no more than one (1) page in length. Section II must be no more than five (5) pages (double-spaced) in length.

Section I. Organization Description: Provide a brief description of your organization and its facility. Include the size and composition of your staff (number of staff, full-time, part-time, volunteer, paid); hours of operation; your annual budget; and funding sources. Include any additional information that you feel would be helpful to MSHRAB's review of your request.

Provide an overall description of your general holdings; for example: subject, types/formats of records, date span, and total cubic footage. Then include a description of the physical condition of the historical records that the grant project will address and state whether or not the historical records are currently available to the public. If your records are not currently available to the public, please explain. Collections/records/archival materials from funded projects must be made available to the public on a regularly scheduled basis.

Section II. Project Description and Scope of Work: Expanding upon your Summary Statement, provide a project description and scope of work by answering all of the following questions appropriate to your proposed project.

1. What is the historical significance of the materials involved? What user groups will utilize these materials? Does the information content of your records exist elsewhere, or in another format?
2. What actions, activities, or steps will you take during your project and when and in what order will they be undertaken?
3. Who will complete these actions or perform these activities? Identify project staff (both grant-funded and cash-match) and provide a summary of their qualifications
4. Identify the results (products) to be produced by this project.
5. What is your organization's ability to implement the project and use the project's results? How will the results be sustained?
6. How will the effectiveness of the project be evaluated? How will the award of this grant change the use of these records? What long-term benefits will be derived?
7. How will you publicize the results to your community and what will you do to build on the project accomplishments in terms of ongoing work or funding?

4. Send the Application

Applications must be received by 5pm on Friday, June 14, 2019. Send completed summary sheet, budget, and narrative in hard copy to: **MSHRAB Grant Program, c/o Archives of Michigan 702 W Kalamazoo Street Lansing, MI 48915**; or via electronic submission (in Word/Excel or PDF) to harveym@michigan.gov. If you have signed the summary sheet manually you can mail it to the Archives of Michigan or scan the signed page and attach it to your email submission.
